HI THERE!

In the name of Allah, the Most Gracious and the Most Merciful. Praise be to Him, Lord of the Universe, and Prayers and Peace be upon His Final Prophet and Messenger, Muhammad SAW.

Tunku Tun Aminah library is a landmark of the Information Gateway Universiti Tun Hussein Onn Malaysia (UTHM). Its functions as an aesthetic location for the learning, research and exploration of knowledge activities, in line with its motto "Where Wisdom Begins".

Aligned with PTTA's vision "Aspires to be a dynamic knowledge gateway", the library will always strengthen its role and ensure it remains relevant by offering services and facilities that meet the current needs of users.

In addition, a comfortable space with learning facilities is also provided to ensure that the learning ecosystem is the best for carried out educational and research activities. Relaxing spaces, mind refreshers for innovation and creativity are also provided specifically for PTTA users. Most recently, PTTA has strengthened its role as guardian of knowledge by leading the Research and Innovation for Culture and Heritage Johor Project (RICHER).

PTTA users are our priority. Therefore, PTTA is always committed in providing quality reference resources either in printed or electronic format. PTTA also provides efficient and excellent services and facilities to meet the needs of customers in line with UTHM's vision, mission and objectives.

Finally, I am taking this opportunity to give a special acknowledgement to the Library Publication Committee, for their endless effort and commitment in making this library guides a reality. May Allah bless them.

Thank you.

Chief Librarian

VISION

Aspires to be a dynamic knowledge gateway

MISSION

To provide and disseminate quality information resources to fulfil the academic needs and intellectual development through effective management based on Tawheed

OBJECTIVES QUALITY

1

Ensure that 85% of the titles required in teaching and learning in the current year are in the library collection.

2

Aiming for 90% of reference materials to be catalogued within 2 weeks from the date of the library's copyright stamp.

3

Aiming for 2,000,000 accesses to the digital collection within a year.

4

To Ensure that 100% of requests for the supply of Inter-Library Loan materials are completed within 5 working days.

5

Aiming for 80% attendance of new diploma and undergraduate students to the Information Literacy Skills Class within a year.

6

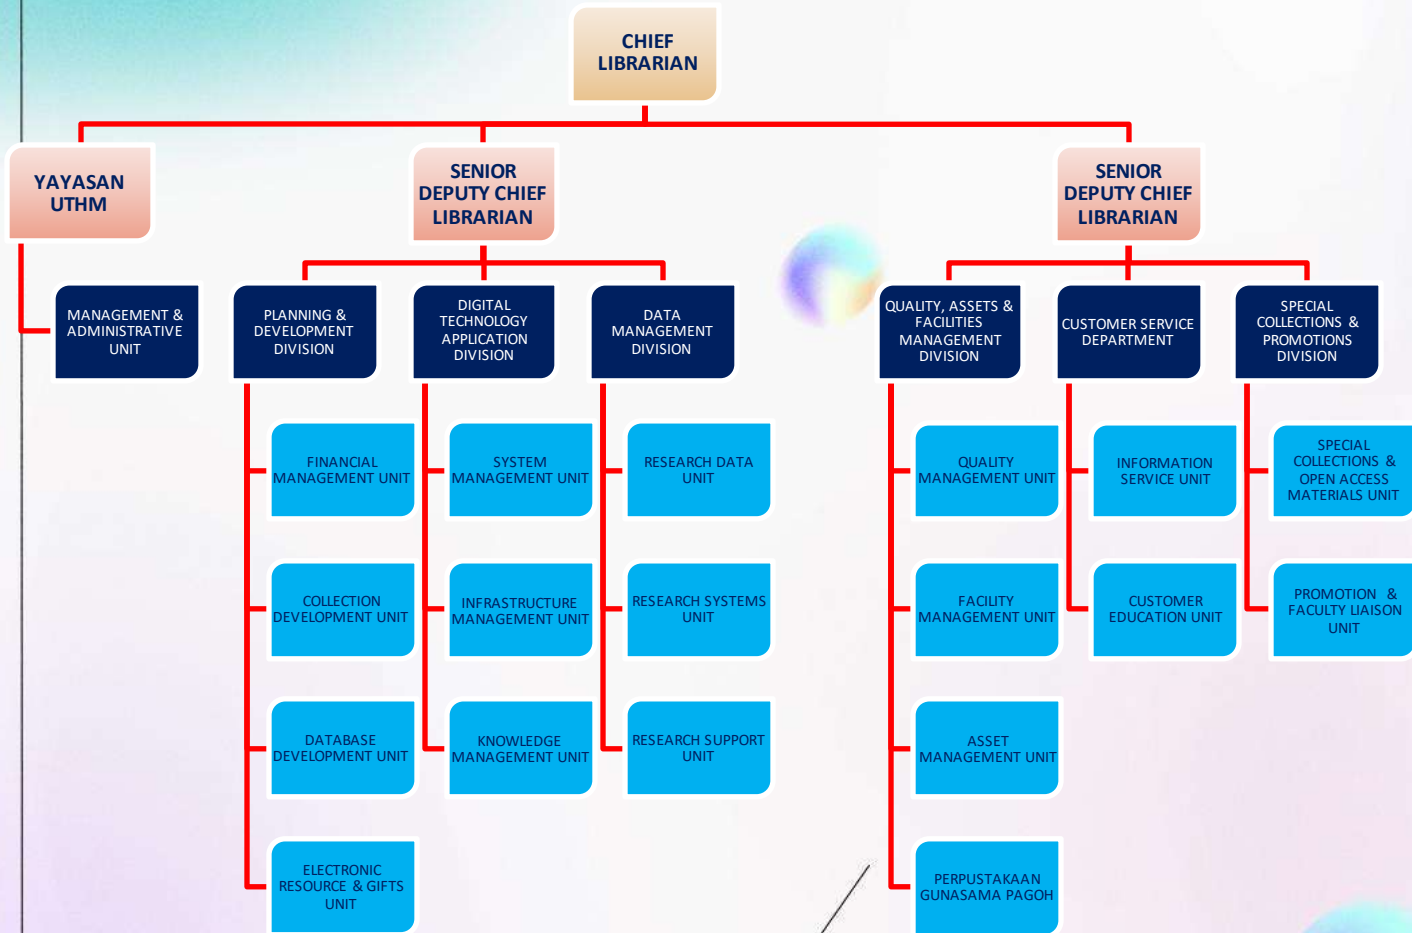

Ensure 100% deposit of materials received into the Institutional Repository (e-print) in the current year.

7

Aiming for 85% user satisfaction level towards library services in the current year.

CIRCULATION SERVICES

Membership Registration

The library will register all UTHM students and staff as library members. New students and staff are advised to check their account through the library website. If the record is still unavailable in the Library System, users have to fill up the Membership Registration Form at the Circulation Counter. Borrowing eligibility for each member will be determined according to the patron category.

Reminder/Overdue Notice

Reminder Notice will be sent to users through email 3 days before the due date to inform users of the due date and to remind them for loan renewal. Whereas the Overdue Notice will be sent automatically 1 day after the due date. The user account will be barred if the total amount of the fine has exceeded the maximum limit allowed.

Borrowing and Returning

Borrowing and returning of library materials can be done at the Circulation Counter. Users are strongly advised to check the due date on the slip or check through the borrowing record in their library account in order to avoid fines for late returns of library materials.

Replacement of Lost Materials

Users are required to report at circulation counter if the library materials that they had borrowed were lost. Users will be given 1 month to search for the lost materials. If they still could not find it, they are required to replace the lost materials with the same materials or pay the price of the materials.

Renewal

Renewal can be done online through the library's user account. Users can only renew twice. Online renewal can be done before the due date.

Reservation Rooms

The library offers different types of room that can be reserved by users. These rooms consist of Iqra Rooms, Hikmah Rooms, Eksplorasi Rooms, Lestari Rooms and Al-Jazari Auditorium. Reservations can be done at the circulation counter, Level 1.

Delivery Service

Delivery Services is provided for academic staff within the campus area. This service covers reserved material that consists of open access books, audiovisual and interlibrary loan materials. Besides, user also can request for returning the materials borrowed through this service.

Reservation of Library Material

All items which are currently on loan to other users may be reserved through online catalogue or at the Circulation Counter. Reserved items are held for user for 7 days after the materials returned. Users are advised to check on the status through their library account.

Inter-Campus Delivery Service (ICDS)

ICDS provides delivery library material from Tunku Tun Aminah Library to academic staff and student in Pagoh UTHM Campus.

REFERENCE AND INFORMATION SERVICES

References Services

Users can discuss with the librarian to get some guidance on the information searching techniques based on the users' needs.

Information Literacy Skill Class

This class topics include materials searching techniques through OSCAR and information searching through the online databases.

Interlibrary Loan (ILL)

Interlibrary Loan (ILL) is a service which helps users to borrow library materials that are unavailable in the Tunku Tun Aminah Library but can be obtained from other local academic libraries. Reference materials that can be borrowed through this service are books, journal articles, and conference proceedings and standards.

FACILITIES

Library Catalogue

The library catalogue terminals are provided to access the library catalogue known as OSCAR (Online Smart Catalogue for Academic Resources). It enables users to search the bibliographic records and the status of library materials. Besides, users can also check their library's account using these computers.

Free WiFi

The entire library building is equipped with wireless internet access or Wi-Fi.

Computers

The library also provided computers with internet access and Microsoft Office application located at Level 2, 3 and 4.

GoBook Coffee Corner

A coffee corner with a very conducive ambience to relax, refresh and recharge. Located at Level 1.

24 Hours Reading Room

24 Hours Reading Rooms are located at Level 1 and Ground Floor of PTTA building. These rooms are equipped with study tables, electric sockets and wireless internet access for user who wish to use this facility during or after the library's opening hours and can accommodate up to 300 users at one time.

Turnstile Gate

Turnstile Gate is one of the security features which has been installed in Tunku Tun Aminah Library. Users need to bring a Card Matrix/Staff and scan the card to enter the library.

Open Reading Area

This area is available at Level 2, 3 and 4 which is equipped with tables and carrels. Electric socket and network point are also provided at certain area.

Open Carrel

The library provides open carrels especially for users who want to study alone and need privacy.

SPECIAL USER AREA

Tunku Tun Aminah Library greatly appreciates users with disabilities. We support them in teaching and learning process at the Tunku Tun Aminah Library such as:

1. User-friendly counter service for disabled users
2. Reading room for disabled users
3. Friendly toilet for disabled users
4. Volunteer services for disabled users
5. User-friendly elevator for disabled user

CLASSIFICATION OF LIBRARY MATERIALS

Materials on the shelves are arranged according to the Library of Congress Classification Scheme. This is to facilitate users in their search. A simplified classification schedule is provided as below:

A) Library of Congress Classification

A	General Works
B	Philosophy. Psychology. Religion
C	Auxiliary Sciences of History
D	World History and History of Europe, Asia, Africa, Australia, New Zealand, Etc.
E-F	History of the Americas
G	Geography. Maps. Anthropology. Recreation
H	Social Sciences (General)
HA	Statistics
HB	Economic theory. Demography
HC	Economic history and conditions
HD	Industries. Land use. Labor
HE	Transportations and communications
HF	Commerce
HG	Finance
HJ	Public Finance
HM	Sociology (General)
HN	Social history and conditions. Social problems. Social reform
HQ	The family. Marriage. Women
HS	Societies: secret, benevolent, etc.
HT	Communities. Classes. Races
HV	Social pathology. Social and public welfare. Criminology
HX	Socialism. Communism. Anarchism
J	Political Science
K	Law
L	Education
M	Music and Books on Music
N	Fine Arts
P	Language and Literature

Q	Science (General)
QA	Mathematics. Computer science. Electronic data processing
QB	Astronomy
QC	Physics
QD	Chemistry
QE	Geology
QH	Natural history. Biology
QK	Botany
QL	Zoology
QM	Human anatomy
QP	Physiology
QR	Microbiology
R	Medicine
S	Agriculture
T	Technology (General)
TA	Engineering (General). Civil engineering (General)
TC	Hydraulic engineering. Ocean engineering
TD	Environmental technology. Sanitary engineering
TE	Highway engineering. Roads and pavements
TF	Railroad engineering and operation
TG	Bridge engineering
TH	Building construction
TJ	Mechanical engineering and machinery
TK	Electrical engineering. Electronics. Nuclear engineering
TL	Motor vehicles. Aeronautics. Astronautics
TN	Mining engineering. Metallurgy
TP	Chemical technology
TR	Photography
TS	Manufactures
TT	Handicrafts. Arts and crafts
TX	Home economics
U	Military Science
V	Naval Science
Z	Bibliography. Library Science. Information Resources

B) Call Number

Each book in the library has a unique call number. A call number is an address that informs where a book is placed in the library.

It consists of the following information:

- Class
- Subclasses
- Classification by area, format and etc. if any subclasses, geography, format
- Cutter Number based on the main entry e.g. the author's, corporate body, institution or title's first letter
- Year of publication
- Symbol

Example: **HD31 .U57 2020**

HD31 ----- Subject (Industrial Design)

.U57 ----- Cutter Number Author

2020 ----- Year of Publication

Every call number is written from left to right in the Library Catalog and from top to bottom at spine label.

C) How to Find Library Materials on The Shelves

Materials are arranged alphabetically by classification number.

The call number is read from left to right and top to bottom.

EBSCO Discovery Service (EDS)

Your Journey Starts Here

Refining search results using Limit To, Publication Date or Source Types to narrow down the desired material.

The screenshot displays the EBSCO Discovery Service (EDS) interface. The search bar contains the keyword "aesthetic education" and shows "Search Results 1 - 20 of 99,925". The left sidebar includes "Refine Results" with sections for "Current Search", "Expanders", "Limit To", "Publication Date", "Source Types", "Subject", and "Publisher". A red box highlights the "Limit To" section, which includes options for "Full Text", "Available in Library Collection", and "Scholarly (Peer Reviewed) Journals". Another red box highlights the "Publication Date" section, showing a range from 1400 to 2024. A third red box highlights the "Source Types" section, which lists "All Results", "Academic Journals (25,619)", "eBooks (11,467)", "Books (906)", "Magazines (539)", and "Reviews (238)". The main search results area shows four entries, each with a title, author information, and a "Get Full Text at IEEE Xplore" link.

EBSCO Discovery Service (EDS)

Your Journey Starts Here

The important information is Call Number, Shelf Location and Status, which will help you locate physical items on the shelf. The call number is referring to the number on the spine label at the items on the shelves.

The screenshot displays the EBSCO Discovery Service (EDS) interface. At the top, there is a search bar with the keyword 'mechanical engineering' and a 'Search' button. Below the search bar, the results show a single entry for 'Mechanical engineering : license review / John D. Constance.' The interface is divided into several sections: 'Related Information' on the left, 'Holdings Information' in a highlighted box, and 'Notes' and 'Accession Number' on the right. The 'Holdings Information' section is further detailed in a red-bordered box on the right side of the image.

ONLINE DATABASE AND REFERENCE TOOLS

Contains more than 223 management journals covering the fields of accounting, finance & economics, business, management & strategy, human resource management, organizational studies, information & knowledge management, marketing, operations, logistics & quality, public policy & environmental management, property management & built environment and tourism & hospitality.

IEEE IEL offers access to almost all information sources available in this database. Contains 464 electronic journal titles, 19 electronic book titles, 31,852 conference papers and 10,522 standards in the field of electrical engineering, electronics and computer science published by IEEE (Institute of Electrical and Electronics Engineers) which can be downloaded in full text.

SpringerNature is a comprehensive reference PDK that offers high-impact journal articles in various fields including Behavioral Science, Biomedical & Life Science, Business & Economics, Chemistry & Materials, Science, Computer Science, Earth & Environmental Science, Engineering, Humanities, Social Science & Law, Mathematics & Statistics and Physics & Astronomy.

Scopus is a bibliographic database that contains abstracts and citations for academic journal articles. Covering more than 250,000 materials from more than 5,000 publishers, 38379 of which are peer review journals in scientific fields, 184,531 books, 1176 book series and 35671 conference proceedings.

Journal Citation Reports is a systematic research tool to evaluate more than 12,557 leading journal titles based on index sources in the Web of Science (WoS). Help users understand journal performance in terms of impact factors and other metrics. Users can refer to the most frequently refereed journals, the journals with the highest impact factor and the most journals in a certain field to enable them to make evaluations and comparisons between all these journals during the article publication process

ProQuest Dissertations & Theses Global is a databases containing more than 5 million dissertations and theses (2.6 million of which are accessible in full text) in all fields from leading universities around the world.

ScienceDirect

ELSEVIER

ScienceDirect is a comprehensive reference database containing 2,661 journal titles that can be accessed and downloaded. researchers, lecturers and students who offer high impact journal articles in 23 major fields including engineering, science and technology and social sciences.

Turnitin is a reference tool for checking plagiarism. This reference tool is used to obtain similarity reports for theses and Bachelor's Projects (PSM) of students at UTHM. Access licenses for the 'Student' category are 3,000 while the 'Instructor' category has no limit.

Grammarly serves as a writing assistant, aiding in grammar, spelling, usage, wordiness, style, punctuation, tone, and plagiarism. It can detect and substitute complex sentences with more concise ones, refresh repetitive language, and enhance overall writing quality.

British Standards Online (BSOL) is the BSI's main standards database used by professionals around the world. The subscribed Electrical Engineering In General module provides access to 749 standard documents that can be downloaded to be used as reference material in teaching, learning and research and development.

PNMB

Trusted Secure Professional

Database regarding Acts, Ordinances, Regulations, Bills as well as legal information regarding Malaysia in particular. It covers Acts of Parliament, Main Acts (Original), Amendment Acts, Ordinances, Supplements to Bills, Rules & Regulations, Supplements to Legislation (A), Supplements to Legislation (B), Federal Constitution, Criminal Procedure Code, Penal Code, Land Code States, Rules of Court, Court Forms, General Orders (General Orders) and "Treasury Orders"; e-Newsletter; Selected Judgments of the Privy Council and Legal Terms.

MYLAWBOX

LabourLawBox provides material on industrial and employment law as contained in decisions of the Federal Court, Court of Appeal and High Court, as well as the Industrial Court. The database also provides selected practice notes, legal forms, precedents and sample agreements as they are used or used in court. This database is suitable for entrepreneurs, professionals, employers, employees, human resource personnel, labor departments, academics and researchers.

E-BOOKS

AccessEngineering is a platform of interactive reference materials in the field of engineering and teaching and learning equipment that includes 889 e-book titles, 1084 videos, 59 spreadsheets, 7 case studies, and 3 tutorials.

EBSCO (EBSCOHost) contains more than 10,000 e-book titles in various subjects, including arts, business, economics, education, marketing, social sciences, medicine and others.

Knovel is the main technical reference to more than 4,800 e-book titles from leading publishers such as Elsevier, John Wiley & Sons, Institution of Engineering and Technology (IET) and American Society of Civil Engineers (ASCE) in the field of engineering, especially Civil Engineering & Construction Materials, Electrical & Power Engineering, Electronics & Semiconductors, General Engineering & Project Administration, Mechanics & Mechanical Engineering, Oil & Gas Engineering and Sustainable Energy & Development.

ProQuest Ebook Central provides content of nearly 211,058 e-book titles from leading publishers such as Taylor & Francis Group, Wiley and Oxford University Press in various fields including Arts, Business, Education, General, Health & Medicine, History & Political Science, Law, Literature & Language, Religion & Philosophy, Social Science and Science & Technology.

ScienceDirect e-Book provides access to over 9,000 e-book titles published by Elsevier covering the subjects of Engineering, Materials Science and Chemical Engineering. E-Books on ScienceDirect provide more of the background information and they have a larger bibliography, context, and summaries of theories and studies.

A modern building with a curved facade and large windows is shown at night. The building is illuminated from within, and the sky is dark blue with a bright sun or moon. In the foreground, there are palm trees and other foliage. The image is overlaid with abstract graphic elements, including a large yellow arc, several blue circles of varying sizes, and wavy blue lines in the corners.
